BAKARE OLUWAFERANMI PELUMI

FULL-STACK SOFTWARE & MOBILE APP DEVELOPER

Lagos, Nigeria | bakareferanmi96@gmail.com | beepeelabs.cv | github.com/Bakareferanmi

PROFILE

Electrical and Electronics Engineering graduate building full-stack web products and cross-platform React Native mobile applications. Experienced with React, TypeScript, API workflows, Cloudflare Workers, D1, deployment and production troubleshooting. Built a school CBT platform used in live examinations.

TECHNICAL SKILLS

Web: React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS.
Mobile: React Native, Expo, Expo Router, React Navigation, AsyncStorage, local notifications.
Backend / data: Hono, Node.js, Express.js, PostgreSQL, Cloudflare D1 (SQLite), REST APIs, authentication, webhooks.
Tools: Git, GitHub, Cloudflare Workers, Vercel, VS Code, Excel, basic Python.

SELECTED ENGINEERING PROJECTS

Damiland CBT | Full-Stack Developer

Built and supported a live school examination platform: timed exams, randomised questions, autosaved answers, grading, monitoring, result management and exports. Resolved production database-read issues.
React, TypeScript, Hono, Cloudflare Workers, D1 | damilandcbt.com

Pentreeform | Full-Stack Product Developer

Built a hosted form-backend SaaS with accounts, email verification, submission inboxes, webhook delivery and admin workflows.
Cloudflare Workers, APIs, Resend | github.com/Bakareferanmi/pentreeform

RideWithMe | Cross-Platform Developer

Developed a vehicle-marketplace prototype with mobile, customer website and admin applications, shared tokens, schemas and API client structure. Backend integration uses sample data.
React Native, Expo Router, TypeScript, Next.js | github.com/Bakareferanmi/ridewithme

PerTrack | Mobile Developer

Built offline-first teacher timetable and class-reminder mobile app with weekly local notifications and device storage, plus a companion PWA.
React Native, Expo, TypeScript, AsyncStorage | github.com/Bakareferanmi/pertrack

Brokoto | Mobile Developer

Built a food-ordering mobile interface with custom navigation, shopping cart state, lazily loaded screens and order flows.
React Native, Expo, JavaScript | github.com/Bakareferanmi/brokoto

VeriDoc and Deegeetal Thesis | Developer

Built verification-platform foundations and a student document-submission workflow with administrative review and exports.
React, Cloudflare Workers, D1, file uploads

EXPERIENCE

Independent development - BeepeeLabs: Built, deployed and maintained web and mobile products for education, forms and business workflows.
Digital content and operations experience: Grandsafer Consult, New Edge and NYSC public health office placement.

EDUCATION

B.Eng. Electrical and Electronics Engineering | Olabisi Onabanjo University | 2023
